ENVIRONMENTAL POLICY

Norscot Technical Services Ltd, and its trading divisions, is committed to minimising the impact of its activities on the environment.

The key points of its strategy to achieve this are:

- Consider environmental issues in commercial decisions;
- Comply with all relevant environmental legislation and industry codes of practice;
- Seek to use materials efficiently and make economic use of natural resources;
- Have proper regard to waste management and encourage re-use and recycling;
- Avoid the use of environmentally hazardous materials and processes where practicable and take all reasonable steps to reduce pollution;
- Actively promote employee awareness of this policy and enlist their support in improving the Company's performance;
- Encourage the adoption of similar principles by our suppliers;
- Review the policy and activity at least once a year with the aim of achieving continuous improvement in environmental performance.

Shân Weston
Managing Director
